Complete Assembly Sheetmetal, Machined and Welded components

Approved supplier to ISO9000
Certified Companies

Quality Assurance To
MIL-I-45208A

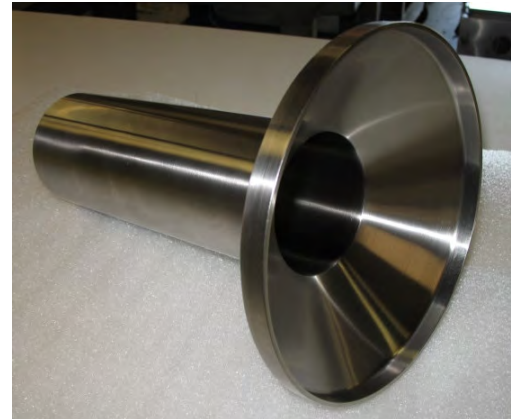

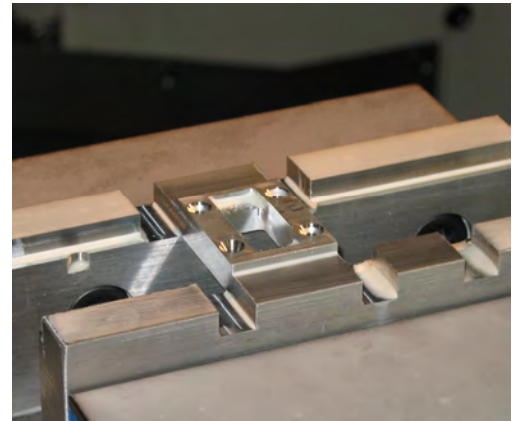

Certified Welding to
MIL-STD-1595A for process
GTAW Group 1b, 1ia,

100% In-process Inspection

Certified Inspection Reports

**COMPLETE CAD
CAPABILITY**

ALL CAD FORMATS:
including: dwg, dxf, slddrw,
sldprt, sldasm, iges, step, Pro/E,
ckd, prt, stl, CATIA 4/5, Unigraph-
ics, Autodesk Inventor, Parasolid,
Surface, ACIS SAT

**SHEET METAL • MACHINING • WELDING & BRAZING
LASER CUTTING • ENCLOSURES • POLISHING**

BYSTRONIC 3000WATT ROTARY AXIS LASER

QUIZ OF THE MONTH

What 9 letter word has only 1
syllable and only 1 vowel ?

September's Answer:

Let us suppose that the 'one-way' distance is 60 miles. So, on the 'outbound' journey, the car would take 1 hour. On the return trip the car would take 2 hours. So, the 'round-trip' is 120 miles and the car would take 3 hours to make the trip. Therefore, the answer is FORTY MILES PER HOUR.

Quote of the month: "Always bear in mind that your own resolution to succeed is more important than any one thing." -Abraham Lincoln
