Did your engineering department churn out another tricky part? No problem! At Compu-craft we have the ingenuity to take your design to a whole new dimension. From Trichotometric Indicator Supports (shown) to Duflotch Modulators to Flux Capacitors we can achieve results that other vendors would say are impossible. So send us your inquiries today and let us give you a new perspective on quality precision sheet metal and machined components.

**All CAD Formats Accepted**

Including: dwg, dxf, slddrw, sldprt, sldasm, iges, step, Pro/E, ckd, prt, stl, CATIA 4/5, Unigraphics, Autodesk Inventor, Parasolid, Surface, ACIS SAT

**Complete Assembly, Sheetmetal, Machined, and Welded Components**

- Approved supplier to ISO9000 Certified Companies
- Quality Assurance To MIL-I-45208A
- Certified Welding to MIL-STD-1595A for process GTAW Group 1b, 1ia
- 100% In-process Inspection
- Certified Inspection Reports

**Problem of the Month**

A fishing boat is docked in the harbor. There is a rope ladder hanging over the side with its end touching the water. The rungs of the ladder are 1 meter apart and the tide is rising at 50 centimeters an hour.

At the end of 6 hours, how many of the rungs will be covered?

**Quiz of the Month**

What is the more common name given to dihydrogen oxide?

**Quote of the month**

"The small act of paying attention can take you a long way."

Keanu Reeves

**March's Problem Answer**

Answer: Letters above the line are all formed with straight lines. Below the line letters contain curves.

**March's Quiz Answer**

Boxing is the sport where neither the spectators nor the participants know the score until the contest ends.
