This weldment, made from 316L Stainless Steel for extra corrosion resistance, features several NPT couplings and a quick-clamp fitting. Prior to electropolishing this part is leak tested using isopropyl alcohol to ensure no welds have been compromised. While not necessary for this part, we also have helium leak test capabilities in-house. Leak testing is just one of the many value added services offered by Compucraft.

Complete Assembly, Sheet Metal, Machined and Welded Components.

- > Approved Supplier to ISO 9001:2008 certified components.
- > Quality assurance to MIL-i-45208a.
- > Certified Welding to MIL-STD-1595a for process DTAW Group 1b,1ia
- > 100% in-process inspection.
- > Certified inspection reports

Quote:

"Somehow, not only for Christmas but all the long year through, the joy that you give to others is the joy that comes back to you. And the more you spend in blessing the poor and lonely and sad, the more of your heart's possessing returns to you glad."

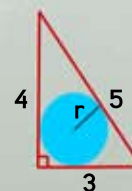

John Greenleaf Whittier

Quiz:

What is it that the person who makes it does not need it. The person who buys it does not need it for themselves, and the person who uses it does not know it?

Problem:

The circle is tangent to all three sides of the right triangle. Solve for "r" and no trig required.

November Answers:

Problem: If the rock were thrown into the pool, it would displace its volume of water. But if the rock were thrown directly into the boat, it would displace its weight of water. Therefore, the water level would rise higher if the rock were thrown into the boat.

Quiz:

C. Gimbel's ~ Gimbel's Department Store in Philadelphia in 1920.
