

Undecided Part

November's Part of the Month is undecided. It can't decide if it wants to be rounded or squared. So why not be both?! This aluminum plenum features angled walls that transition on one side to a conical outlet that then transitions down to a 4" diameter round tube. Close tolerances are achieved through the use of weld fixtures designed specifically for this part. The welds are then leak tested before shipping the part to one of our many satisfied customer.

November Part of the Month

Quiz:

The Wampanoag Indian tribe was part of the very first thanksgiving. How long had this tribe been living in the Cape Cod area when the English settlers arrived?

- A. 100,000 years
- B. 12,000 years
- C. 500 years
- D. 10 years

Problem:

Mr. Pilgrim needs fencing for his turkey coop. The perimeter is 240 yards. The length is 16 yards longer than the width. What are the dimensions? What is the area?

Quote:

Thanksgiving dinners take eighteen hours to prepare. They are consumed in twelve minutes. Half-times take twelve minutes. This is not coincidence.

~ Erma Bombeck ~

Complete Assembly, Sheet Metal, Machined and Welded Components.

- > ISO 9001 certified Quality Management System.
- > Certified Welding to MIL-STD-1595a for process DTAW Group 1b, 1ia.
- > 100% in-process inspection.
- > Certified inspection reports.
