

COMPU Craft

Fabricators Inc.
Precision Metal Components

Complete Assembly,
Sheet Metal, Machined
and Welded Components.

- > ISO 9001 certified quality management system
- > Certified Welding to MIL-STD-1595a for process DTAW Group 1b, 1ia
- > 100% in-process inspection
- > Certified inspection reports

All CAD Formats:
Solidworks (sldprt, sldasm),
AutoCAD (dwg, dxf), Inventor,
Pro/E, CATIA 4/5, Unigraphics,
Parasolid, ACIS SAT, iges, step,
ckd, prt, stl

Quiz:
For those yearning to add a colorful splash to their meals, a British supermarket announced last year that it will soon be selling purple carrots. The store hopes that the new offering will appeal to fickle children who have grown bored by the orange variety.

True, or April Fools

Problem:

* Please be sure to check our website for answers to all previous months Problems and Quizzes! Go to www.metalwork.com and click on Problem of the Month link.

Quote:
"It is better to keep your mouth closed and let people think you are a fool than to open it and remove all doubt."

~ Mark Twain ~

MEGLINATING VARIABLE INTENSITY MULTIFUNCTION POWER TOOL

8 Functions:

- Untranking concrete hex finials
- Retranking floating lug grout*
- Anomorgling deck shims
- Preneumazing subdivots
- Torquening slotted camshanks
- Synchronfusing synthetic toggle bearings
- Electromuting compressed velonoid laminate
- Removing ear wax

Startlingly LOUD!

21,000 MEGLINATIONS PER MINUTE

100% ORGANIC

GLUTEN FREE!

USMVMFPPTA RATED

*Submersible dual-angle inserted caliper attachment required. (Sold separately.)

April

~~Part~~ of the month
Tool

Here at Compucraft we are always looking to expand our fabricating capabilities. In recent years we have purchased a Roundo R2 rolling machine, two Haas VF2 vertical milling machines, a Haas VF3-YT with 5-axis machining capability, and most recently we are the proud new owners of a Meglinating Variable Intensity Multifunction Power Tool (pictured above). Not only does this sucker handle all of our slicing and dicing needs, it also allows us to retroconvert rivet heads, repair tears up to 8" long in the fabric of space time, perform antigravity fission welds, and turn dihydrogen monoxide into wine. If you thought you had a part that was too tricky for conventional fabrication methods, you were probably right, but with our new MVI Multifunction we've got you covered. Send your inquiries today!
